## FOLLOW YOUR PROGRESS

Tap into a steady stream of reliable and almost effortless profits with a revolution in PrePaid Mobile. OS PrePaid brings automated recurring billing and account management to mobile phone sellers everywhere, now allowing them to retain those same customers through subscription accounts. Even non-auto billing customers get renewal reminders to help boost commission.

OP PrePaid allows dealers to offer highly desired services with the ease of monthly automatic billing to a credit card, debit card or checking account. Customers no longer have to repeat the process of purchasing a new plan, making it considerably easier for customers to be retailed by dealers.

## CUSTOMER TEXT REMINDERS

Now customers can be notified by text when their renewal is due, boosting returns and building longer-lasting customers..

## FASTER MANAGEMENT

With OS PrePaid there's no more waiting for each customer to refill before moving on to the next. It's faster, smarter management.

# KEEP MORE CUSTOMERS LONGER WITH OS PREPAID

**Our platform and software were each designed for easiness & racking up profits fast.**

OS PrePaid built their system for optimum connectivity and function letting to track commissions and use to pinpoint the sales strategy that works best for your business.

Our clients are able to manage their sales, payments and get full reporting from one easy dashboard, accessible for anywhere in the world, and any time of day.

**No more forgetting to charge with Auto-billing, which frees up more time to find new customers!**

# SERVING NEARLY ALL MAJOR CALLING CARD PLANS.

## A GROWING DEMAND

Put an end to constantly having to refill PrePaid plans month after month. OS PrePaid gives you control of faster, easier sales in a field exploding with growth.

From students and businessmen, to soldiers and tourists, the international demand for mobile phone services has never been greater. Many customers prefer pre-paid options.

Retailers and vendors worldwide make these services available, though frequently as only a one-off purchase.

Now with OS PrePaid customers can automatically renew their account monthly, with everything managed from the OS PrePaid Online Platform.
